White Rock Lake Trail, June-2022 Progress report

Following is the summary of the work completed

- The contractor has completed concrete for the trail up to Sunset Inn circle.

➤ 120' bridge at Dixon Branch is installed, and deck is poured.

- 60' bridge at Reinhart Branch is installed, and deck is poured.

- Concrete Parapet at existing Heritage Bridge at Dixon Branch is repaired.

- Demo to the existing trail between Sunset Inn and Emerald Isle is in progress

- Concrete pour for the 16'(L)x4'(W) box culvert at Emerald Isle is in progress

Upcoming Activities

- Approx. 3' of brushes (approx. 20' in length) will be trimmed to accommodate the trail and facilitate the trail users

➤ Twin pipe culvert (2-24") will be installed to facilitate drainage between Sunset Inn circle and Emerald Isle section. Existing structure is partly buried and silted over the time hence, grading on upstream will be required and done to ensure smooth flow to the outlet.

- Trail Striping, water fountain installation will be starting from the week of July 11th, 2022
